ZENITHEDU COLLEGE MANAGEMENT SYSTEM

USER MANUAL

A Comprehensive User Guide for the ZenithEdu College Management System

---

Project Title: ZenithEdu - Intelligent College Management System
Document Type: User Manual
Version: 2.0

Prepared By:

[FILL IN: Student Name]
[FILL IN: Student ID/Registration Number]
[FILL IN: Department/Program]
[FILL IN: University/Institution Name]

Under the Guidance of:

[FILL IN: Guide/Supervisor Name]
[FILL IN: Designation]
[FILL IN: Department]

Academic Year: 2025-2026

This document is intended for end-users of the ZenithEdu College Management System. Please read carefully before using the system.

DECLARATION/CERTIFICATE PAGE

DECLARATION

I hereby declare that the User Manual for the project entitled **"ZenithEdu - Intelligent College Management System"** has been prepared to provide comprehensive guidance to end-users of the system.

This manual accurately represents the functionality and features of the ZenithEdu system as of the date of publication. The procedures, screenshots, and instructions contained herein have been verified and tested.

[FILL IN: Student Name]
[FILL IN: Student ID]
[FILL IN: Department]
[FILL IN: University Name]

Date: _____
Place: _____

CERTIFICATE

This is to certify that the User Manual for **"ZenithEdu - Intelligent College Management System"** is a genuine documentation prepared under my supervision for the project **[FILL IN: Project Title]**.

The manual has been prepared following industry standards and best practices for technical documentation.

ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to all those who have contributed to the development of this User Manual.

First and foremost, I extend my heartfelt thanks to **[FILL IN: Guide Name]**, my project guide, for the continuous support and guidance in documenting the system features and preparing user-friendly instructions.

I am deeply grateful to **[FILL IN: HOD Name]**, Head of the Department of [FILL IN: Department], for providing the necessary resources and encouragement for this documentation work.

I would like to thank **[FILL IN: Principal Name]**, Principal of [FILL IN: Institution Name], for fostering an environment of learning and innovation.

I extend my appreciation to all the faculty members who provided valuable feedback during the testing and documentation phase.

I am thankful to my fellow students who volunteered as beta testers and helped identify areas that needed clearer documentation.

Finally, I would like to thank the potential users of this system - students, teachers, administrators, and parents - whose needs and feedback shaped this manual.

[FILL IN: Student ID]

ABSTRACT / EXECUTIVE SUMMARY

Abstract

This User Manual provides comprehensive documentation for the **ZenithEdu College Management System**, an intelligent, AI-powered web application designed for modern educational institutions. The manual covers all aspects of system usage for four distinct user roles: Administrator, Teacher, Student, and Parent.

Document Overview

This manual is organized into seven comprehensive chapters:

1. **Introduction** - Overview of the system, key features, and intended audience
2. **Getting Started** - Registration, login, dashboard overview, and first-time setup
3. **User Interface Guide** - Detailed explanation of all screens, navigation, and UI elements
4. **Feature-by-Feature Guide** - Comprehensive walkthrough of all system features with step-by-step instructions
5. **User Account Management** - Profile management, privacy settings, and preferences
6. **Troubleshooting** - Common problems and solutions for end-users
7. **Appendices** - Glossary, shortcuts, and reference materials

Key Features Documented

- **Dashboard Navigation** - Role-based personalized dashboards
- **Student Management** - Enrollment, profiles, and academic tracking
- **Academic Management** - Courses, assignments, and grading
- **Attendance System** - Marking and tracking attendance
- **Library System** - Book catalog and borrowing
- **Hostel Management** - Room allocation and management
- **Transport Management** - Bus routes and tracking
- **Fee Management** - Payment tracking and receipts
- **Communication Tools** - Notices and appointments
- **AI Chat Assistant** - Intelligent help system

User Roles Covered

The manual provides tailored guidance for:

- **Administrators** - System management and configuration
- **Teachers** - Academic management and student interaction
- **Students** - Learning resources and self-service
- **Parents** - Child progress monitoring and communication

Keywords: User Manual, College Management System, Educational Software, Web Application Guide, Student Information System, User Guide

CHAPTER 1: INTRODUCTION

1.1 Welcome Message

Welcome to **ZenithEdu** - your comprehensive College Management System designed to transform educational administration and enhance the learning experience. This intelligent platform brings together

students, teachers, administrators, and parents in a unified digital ecosystem.

1.1.1 System Purpose

ZenithEdu is designed to:

- **Simplify** administrative tasks and reduce paperwork
- **Connect** all stakeholders in the educational process
- **Empower** students with self-service tools and resources
- **Enable** teachers with efficient classroom management tools
- **Inform** parents with real-time updates on their child's progress
- **Support** administrators with data-driven decision-making tools

1.1.2 Who Should Use This Manual

This manual is designed for:

New Users:

- First-time users who need step-by-step guidance
- Users transitioning from other systems
- Staff members requiring role-specific training

Existing Users:

- Users looking to explore advanced features
- Staff seeking to improve efficiency
- Users troubleshooting specific issues

System Administrators:

- Staff responsible for training others
- Technical support personnel
- Decision-makers evaluating system capabilities

1.2 Product Overview

1.2.1 What is ZenithEdu?

ZenithEdu is a modern, web-based College Management System that integrates artificial intelligence with comprehensive educational management tools. Built with cutting-edge technologies including React, Node.js, and Prisma ORM, it provides a seamless, responsive experience across all devices.

1.2.2 System Architecture (User Perspective)

AI Chat Assistant	✅	✅	✅	✅	24/7 help and information
Teacher Analytics	✅	✅ (own)	❌	❌	Performance insights
System Settings	✅	Profile	Profile	Profile	Customization options

1.2.4 Feature Benefits Summary

For Students:

- Access all academic information in one place
- Submit assignments digitally with file attachments
- Track attendance and grades in real-time
- Book appointments with teachers
- Access library resources and check availability
- Receive instant notifications for important updates

For Teachers:

- Manage courses and create assignments efficiently
- Grade submissions and provide feedback
- Mark attendance quickly with batch operations
- View analytics on class performance
- Schedule and manage student appointments
- Communicate with students and parents through notices

For Administrators:

- Complete user lifecycle management
- System-wide configuration and monitoring
- Comprehensive reporting and analytics
- Fee and financial management
- Infrastructure management (hostel, transport, library)
- Teacher performance analytics

For Parents:

- Monitor child's academic progress
- View attendance and grades
- Pay fees online
- Communicate with teachers
- Receive important school notifications

1.3 System Requirements for End Users

1.3.1 Hardware Requirements

Component	Minimum	Recommended
Device	Any computer, tablet, or smartphone	Laptop/Desktop for administrators
Screen	1024x768 resolution	1920x1080 or higher
Memory	2 GB RAM	4 GB RAM
Storage	500 MB free (for uploads)	1 GB free
Internet	1 Mbps connection	5 Mbps or higher

1.3.2 Software Requirements

Table 1.2: Browser Compatibility Matrix

Browser	Minimum Version	Recommended	Status
Google Chrome	100+	Latest	✅ Fully Supported
Mozilla Firefox	100+	Latest	✅ Fully Supported
Microsoft Edge	100+	Latest	✅ Fully Supported
Safari	15+	16+	✅ Fully Supported
Opera	86+	Latest	✅ Supported
Internet Explorer	All versions	-	❌ Not Supported

1.3.3 Required Browser Features

Your browser must support:

- JavaScript (ES2020+)
- CSS Grid and Flexbox
- Local Storage / Session Storage
- Fetch API
- Modern file upload capabilities

1.3.4 Mobile Accessibility

ZenithEdu is fully responsive and works on:

- **iOS Devices:** iPhone, iPad (iOS 14+)
- **Android Devices:** Phones and tablets (Android 8+)
- **Other:** Any device with a modern web browser

Recommended for Mobile:

- Use landscape mode for complex data tables
- Enable push notifications for important updates
- Add to home screen for app-like experience

1.4 How to Use This Manual

1.4.1 Document Organization

This manual is organized to help you find information quickly:

Chapter 1: Introduction

- Overview of the system
- Understanding benefits for your role
- System requirements

Chapter 2: Getting Started

- Account creation and registration
- First login procedures
- Dashboard overview
- First-time setup

Chapter 3: User Interface Guide

- Navigation structure
- Screen layouts
- UI components explained
- Mobile interface

Chapter 4: Feature-by-Feature Guide

- Detailed instructions for all features
- Role-specific workflows
- Tips and best practices

Chapter 5: User Account Management

- Profile settings
- Password management
- Privacy controls
- Notification preferences

Chapter 6: Troubleshooting

- Common problems and solutions
- Error message explanations
- Browser compatibility
- Getting help

Chapter 7: Appendices

- Glossary of terms
- Keyboard shortcuts
- System limitations
- Reference materials

1.4.2 Conventions Used in This Manual

Typography:

- **Bold text** indicates menu items, buttons, and important terms
- `Monospace text` indicates code, file names, and user input
- *Italic text* indicates placeholders for user-specific values
- [FILL IN: description] marks areas requiring user input

Icons and Symbols:

- ✅ Indicates features available for a role
- ❌ Indicates features not available
- ⚠️ Indicates important warnings or cautions
- 💡 Indicates tips and helpful hints
- 📝 Indicates notes and additional information

Navigation Instructions:

- **Navigate to:** Settings → Profile → Edit (Means: Click Settings, then Profile, then Edit)
- **Click "Button Name"** (Refers to clicking a specific button)
- **Enter:** value (Indicates text input)

1.4.3 Finding Information Quickly

If you're a new user:

1. Read Chapter 1 (Introduction)
2. Follow Chapter 2 (Getting Started) completely
3. Review Chapter 3 (User Interface Guide)
4. Refer to Chapter 4 for specific feature instructions

If you need help with a specific feature:

1. Check Chapter 4 (Feature-by-Feature Guide)
2. Look for your role-specific instructions
3. Follow the numbered steps

If you're experiencing a problem:

1. Check Chapter 6 (Troubleshooting)
2. Look for your specific issue in the tables
3. Follow the suggested solution

If you want to learn about shortcuts:

1. Go directly to Appendix 7.2 (Keyboard Shortcuts)
2. Practice the shortcuts for your most-used features

1.4.4 Document Conventions

> **Note:** Informational notes provide additional context or helpful explanations.

> **Warning:** Warnings indicate actions that could cause data loss or system issues.

> **Caution:** Caution alerts indicate potential problems or areas requiring careful attention.

> **Tip:** Tips provide suggestions for improving efficiency or user experience.

[End of Chapter 1]

CHAPTER 2: GETTING STARTED

2.1 Account Creation and Registration

2.1.1 Account Types

ZenithEdu supports four user account types, each with specific privileges:

1. **Administrator (Admin)** - System management and configuration
2. **Teacher/Faculty** - Academic management and student interaction
3. **Student** - Learning resources and academic information
4. **Parent** - Child monitoring and communication

2.1.2 Registration Process

For Administrators: Administrator accounts are typically created during system installation by the technical team. If you need admin access:

1. Contact your IT department or system administrator
2. Provide your institutional email and role justification
3. Your account will be created with appropriate privileges
4. You will receive login credentials via secure email

For Teachers: Teacher accounts are created by administrators:

1. Administrator will create your account using your institutional email
2. You will receive a welcome email with temporary credentials
3. Follow the link in the email to set your permanent password
4. Complete your profile information

For Students: Student accounts are created during enrollment:

1. During admission, your account is created by the admin office
2. You will receive a welcome email with login instructions
3. Your default username is typically your roll number or email
4. Set your password using the provided link

For Parents: Parent accounts are linked to student records:

1. Provide your email during your child's admission
2. An account will be created and linked to your child's record
3. You will receive login credentials via email
4. Use the same credentials to monitor all your children

2.1.3 Registration Form Structure

└──────────────────────────────────────────────────────────┘
```

Required Fields (*):

- Full Name
- Email Address (must be unique)
- Password
- Password Confirmation
- Department (for academic roles)
- Roll Number (for students)

2.1.4 Password Requirements

Table 2.1: Password Requirements

Requirement	Description	Example
Minimum Length	At least 8 characters	`Pass1234` (8 chars)
Maximum Length	Up to 128 characters	Long passphrases allowed
Uppercase	At least 1 uppercase letter	`Password1` ✅
Lowercase	At least 1 lowercase letter	`PASSWORD1` ❌
Numbers	At least 1 digit	`Password` ❌
Special Characters	Optional but recommended	`P@ssw0rd!` ✅
Common Passwords	Cannot use common passwords	`12345678`, `password` ❌

Password Strength Indicator:

- 🔴 Weak: Less than 8 characters or no variety
- 🟡 Medium: Meets minimum requirements
- 🟢 Strong: 12+ characters with mixed types

> **Tip:** Use a passphrase like "MyCollege2024!" that's easy to remember but hard to guess.

2.2 Login Procedures

2.2.1 Accessing the Login Page

1. Open your web browser
2. Navigate to the ZenithEdu URL provided by your institution
   - Example: `https://zenithedu.yourcollege.edu` or `http://localhost:5173` (local)
3. The login page will load automatically

```

2.2.2 Login Steps

1. **Enter your Email Address:**
   - Type your registered email in the email field
   - Ensure there are no spaces before or after
2. **Enter your Password:**
   - Type your password in the password field
   - Click the eye icon (👁️) to show/hide password
   - Passwords are case-sensitive
3. **Remember Me (Optional):**
   - Check "Remember me" to stay logged in for 30 days
   - Only use on personal devices
   - Do not use on shared/public computers
4. **Click "Sign In":**
   - Click the blue "SIGN IN" button
   - Wait for authentication (usually 1-2 seconds)
5. **Dashboard Access:**
   - Upon successful login, you'll be redirected to your role-specific dashboard
   - First-time users may see a setup wizard

2.2.3 Guest Access (Limited)

Some institutions allow limited guest access:

- View public notices and announcements
- Access general information pages
- Cannot access personal data or academic information
- Cannot perform any write operations

To use guest access:

1. Click "Continue as Guest" on the login page
2. Browse available public content
3. Note: Guest sessions expire after 30 minutes of inactivity

2.2.4 Common Login Issues

Issue: "Invalid credentials" error

- **Solution:** Check email and password for typos
- Ensure Caps Lock is off
- Try using the “Forgot Password” link

Issue: “Account locked” message

- **Solution:** Contact administrator after 5 failed attempts
- Wait 15 minutes for automatic unlock

Issue: Page not loading

- **Solution:** Check internet connection
- Clear browser cache and cookies
- Try a different browser

Issue: Session expired

- **Solution:** Re-enter your credentials
- Check “Remember me” for longer sessions

2.3 Dashboard Overview

2.3.1 First Login Experience

After your first successful login:

1. **Welcome Message:** A welcome modal appears with system introduction
2. **Profile Completion:** You may be prompted to complete your profile
3. **Feature Tour:** Optional guided tour of key features (recommended for new users)
4. **Dashboard Display:** Your personalized dashboard appears

2.3.3 Common Dashboard Elements

Table 2.2: Dashboard Widgets by Role

Widget	Admin	Teacher	Student	Parent	Description
Statistics Cards	✅	✅	✅	✅	Key metrics at a glance
Quick Actions	✅	✅	✅	✅	Shortcut buttons for common tasks
Recent Activity	✅	✅	✅	✅	Latest updates and changes
Calendar/Schedule	✅	✅	✅	✅	Today's events and classes
Notifications	✅	✅	✅	✅	Unread notices and alerts
System Health	✅	❌	❌	❌	Server and database status
Teacher Analytics	✅	✅	❌	❌	Performance charts and reports
Pending Tasks	✅	✅	✅	✅	Action items requiring attention
Enrollment Stats	✅	❌	❌	❌	Admission and enrollment data
Fee Summary	✅	View	View	View	Payment status and overdue

2.3.4 Dashboard Navigation

Top Navigation Bar:

- **Logo:** Click to return to dashboard
- **Search (🔍):** Quick search across the system
- **Notifications (🔔):** View system alerts and messages
- **Profile (👤):** Access profile and settings
- **Settings (⚙️):** System configuration (Admin only)
- **Logout (⏏️):** Sign out of the system

Sidebar Menu:

- Contains links to all available modules
- Collapsible on mobile devices
- Role-specific menu items
- Highlights current active section

Main Content Area:

- Displays dashboard widgets and information
- Shows detailed views for selected modules
- Responsive layout adjusts to screen size

2.4 First-Time Setup Wizard

2.4.1 Setup Wizard Overview

The first-time setup wizard guides new users through essential configuration steps:

Figure 2.4: First-Time Setup Wizard

```
┌──────────────────────────────────────────────────────────────┐

└──────────────────────────────────────────────────────────────┘
```

2.4.2 Setup Steps

Step 1: Complete Profile

- Upload profile photo (optional)
- Add contact information
- Write brief bio (teachers especially)

Step 2: Set Preferences

- Choose theme (Light/Dark/Auto)
- Set language preference
- Configure notification settings
- Select timezone

Step 3: Security Setup

- Review password strength
- Enable two-factor authentication (optional)
- Set up security questions (optional)

Step 4: Quick Tour

- Interactive walkthrough of main features
- Highlights key functions for your role
- Optional - can skip and start using system

2.4.3 Completing Setup Later

If you skip the wizard:

- Access setup via Settings → Getting Started
- Profile completion badge appears on dashboard
- Some features may be limited until setup is complete
- You can complete steps in any order

> **Tip:** Complete at least the profile and notification settings for the best experience.

[End of Chapter 2 - Continue to Chapter 3: User Interface Guide]

CHAPTER 3: USER INTERFACE GUIDE

3.1 Navigation Structure

3.1.1 Main Navigation Components

The ZenithEdu interface consists of three primary navigation areas:

Figure 3.1: Main Navigation Structure

```
┌──────────────────────────────────────────────────────────────────────────┐
│                              TOP NAVIGATION BAR                          │

3.2.2 Color Coding Scheme

Table 3.3: Color Coding Scheme

Color	Usage	Hex Code	Example
Primary Blue	Main buttons, links, active states	#3B82F6	Submit buttons
Primary Dark	Hover states, emphasis	#2563EB	Button hover
Success Green	Success messages, completed status	#10B981	Success alerts
Warning Yellow	Warnings, pending status	#F59E0B	Due soon
Danger Red	Errors, overdue, alerts	#EF4444	Error messages
Info Blue	Information, notices	#3B82F6	Info banners
Gray 100	Background, dividers	#F3F4F6	Section backgrounds
Gray 800	Primary text	#1F2937	Body text
Gray 500	Secondary text	#6B7280	Labels, hints
White	Card backgrounds	#FFFFFF	Content cards
Black	Dark mode backgrounds	#111827	Dark theme

3.2.3 Responsive Design Breakpoints

Table 3.4: Responsive Breakpoints

Breakpoint	Width	Layout Changes
Mobile	< 640px	Single column, hamburger menu, stacked cards
Tablet	640px - 1024px	Two columns, collapsed sidebar
Desktop	1024px - 1280px	Three columns, full sidebar
Large	> 1280px	Four columns, expanded sidebar

3.3.2 Form Validation States

Validation States:

1. **Default State:**
    - Standard border color (gray-300)
    - Placeholder text visible
    - No icons
2. **Focus State:**
    - Blue border (primary-500)
    - Subtle ring effect
    - Cursor active
3. **Valid State:**
    - Green border (success)
    - ✅ Checkmark icon
    - Success message (optional)
4. **Error State:**
    - Red border (danger)
    - ❌ Error icon
    - Error message displayed below
5. **Disabled State:**
    - Grayed out background
    - No interactions possible
    - Lower opacity

3.3.3 Interactive Components

Buttons:

- **Primary Button:** Blue background, white text - Main actions
- **Secondary Button:** White background, blue border - Alternative actions
- **Danger Button:** Red background - Delete, remove actions
- **Ghost Button:** Transparent - Low emphasis actions
- **Icon Button:** Icon only - Compact actions

Toggle Switches:

```
Active:   [========●----]  Label
Inactive: [----●========]  Label
```

Sliders:

```
Min [----●--------] Max
       ↑ Current Value: 50%
```

3.6.2 Mobile-Specific Interactions

Touch Gestures:

- **Swipe Left/Right:** Navigate between tabs or dismiss notifications
- **Pull Down:** Refresh data (pull-to-refresh)
- **Long Press:** Open context menu or select items
- **Pinch:** Zoom on charts or images

Mobile Optimizations:

- Larger touch targets (minimum 44x44 pixels)
- Simplified navigation with bottom bar
- Collapsible search bar
- Floating action button (FAB) for primary actions
- Native date/time pickers

3.6.3 Offline Capabilities

Available Offline:

- View cached dashboard data
- Access previously loaded notices
- View downloaded assignments
- Read saved library book information

Requires Connection:

- Real-time notifications
- Live class participation
- Form submissions
- New data queries

4.1.2 Adding a New Student (Admin)

Step-by-Step Instructions:

1. **Navigate to Student Management:**
    - Click **Users** in the sidebar
    - Select **Students** from the submenu
    - Click the "**+ Add Student**" button
2. **Enter Personal Information:**
    - **Full Name:** Enter student's complete name
    - **Roll Number:** Auto-generated or manually enter (e.g., CS2024001)
    - **Email:** Student's institutional email address
    - **Department:** Select from dropdown (CSE, ECE, Mech, etc.)
    - **Phone Number:** Optional contact number
3. **Academic Details:**
    - **Batch/Year:** Admission year
    - **Program:** Degree program (B.Tech, M.Tech, etc.)
    - **Section:** Class section if applicable
4. **Create Account:**
    - System automatically creates user account
    - Temporary password generated
    - Welcome email sent automatically
5. **Review and Confirm:**
    - Verify all details
    - Click "**Create Student**"
    - Success notification appears

4.1.3 Viewing and Editing Student Records

For Administrators:

1. Navigate to **Users** → **Students**
2. Use the search bar to find specific students
3. Filter by department, batch, or status
4. Click on a student's name to view details
5. Click **Edit** to modify information
6. Save changes

For Teachers:

1. Navigate to **Academics** → **My Students**
2. View students enrolled in your courses
3. Click on student name to see academic details
4. Limited edit permissions (attendance, grades only)

4.1.4 Student Self-Service Portal

Students can:

1. **View Profile:**
    - Navigate to **Settings** → **Profile**
    - View personal and academic details
    - See enrollment date, department, CGPA
2. **Update Profile:**
    - Edit contact information
    - Upload profile photo
    - Update bio/about section
    - Cannot edit roll number or department (contact admin)
3. **View Academic History:**
    - Check all enrolled courses
    - View grades and CGPA progression
    - See attendance records
    - Review assignment submissions

4.2 Course and Academic Management

```

4.2.2 Creating a New Course (Admin/Teacher)

1. **Navigate to Course Management:**
   - Click **Academics** in sidebar
   - Select **Courses**
   - Click "**+ New Course**"
2. **Enter Course Details:**
   - **Course Code:** Unique identifier (e.g., CS301)
   - **Course Name:** Full course title
   - **Description:** Detailed course overview
   - **Credits:** Credit hours (1-6)
   - **Department:** Associated department
3. **Assign Instructor:**
   - Select from dropdown of available teachers
   - Or assign yourself (if teacher role)
4. **Set Course Parameters:**
   - **Maximum Students:** Enrollment capacity
   - **Prerequisites:** Required prior courses
   - **Duration:** Start and end dates
5. **Save Course:**
   - Click "**Create Course**"
   - Course appears in catalog

4.2.3 Managing Course Enrollments

For Students - Self Enrollment:

1. Navigate to **Academics** → **Course Catalog**
2. Browse available courses
3. Click "**Enroll**" on desired course
4. Review course details
5. Confirm enrollment
6. Receive confirmation notification

For Admin/Teacher - Manual Enrollment:

1. Open course details
2. Click "**Manage Students**"
3. Click "**Add Students**"
4. Select students from list or search
5. Click "**Enroll Selected**"
6. Students receive enrollment notification

Removing Students:

1. Open course details
2. Click "**Manage Students**"
3. Find student in enrolled list
4. Click "**Remove**" or "**Drop**"
5. Confirm action
6. Student receives notification

4.2.4 Assignment Creation and Management

Figure 4.3: Assignment Creation Process

│    - [Publish Now]       │
│    - [Schedule Later]    │
└──────────────────────────┘
```

Creating an Assignment:

1. Navigate to **Academics** → **Assignments**

2. Click **"Create Assignment"**

3. **Basic Information:**

    - **Title:** Brief, descriptive name
    - **Description:** Detailed instructions
    - **Course:** Select target course
    - **Subject:** Specific topic area

4. **Due Date and Scoring:**

    - **Due Date:** Deadline date picker
    - **Due Time:** Time selector
    - **Maximum Score:** Points possible
    - **Assignment Type:** Select from dropdown

Table 4.2: Assignment Types and Rules

Type	Description	Late Submission	File Upload	Max Score
Homework	Regular practice work	Allowed with penalty	Yes	10-50
Quiz	Short assessment	Not allowed	No	10-20
Project	Extended work	Negotiable	Yes	50-100
Exam	Formal examination	Not allowed	Optional	100
Lab	Practical work	Lab schedule only	Yes	10-30

5. **Advanced Options:**

    - **Allow Late Submission:** Yes/No
    - **Late Penalty:** Percentage deduction
    - **Accept File Uploads:** Yes/No
    - **Allowed File Types:** PDF, DOC, etc.
    - **Maximum File Size:** 5MB default

6. **Publishing Options:**

    - **Save as Draft:** Not visible to students
    - **Publish Now:** Immediately available
    - **Schedule:** Set future publication date

4.2.5 Assignment Submission (Students)

1. Navigate to **Academics** → **My Assignments**
2. View list of pending assignments
3. Click on assignment to see details
4. Review requirements and due date
5. **For Text Submissions:**
    - Type or paste answer in text area
    - Format as needed
6. **For File Uploads:**
    - Click "**Upload File**"
    - Select file from device
    - Wait for upload completion
    - Verify file name and size
7. Click "**Submit Assignment**"
8. Receive confirmation with timestamp

> **Warning:** Once submitted, you may not be able to edit. Contact your teacher if you need to resubmit.

4.2.6 Grading Assignments (Teachers)

1. Navigate to **Academics** → **Assignments**
2. Click on assignment name
3. Click "**View Submissions**"
4. See list of submitted work
5. Click on student submission
6. **Review Submission:**
    - View uploaded files
    - Read text responses
    - Check submission time
7. **Enter Grade:**
    - Enter numerical score
    - Add written feedback
    - Attach corrected file (optional)
8. Click "**Save Grade**" or "**Save & Next**"
9. Student receives grade notification

4.3 Attendance System

└──────────────────────────────────────────────────────────────┘

Status Options: Present | Absent | Late | Excused
```

4.3.2 Marking Attendance (Teachers)

1. Navigate to **Academics** → **Attendance**
2. Select **Course** from dropdown
3. Select **Date** (defaults to today)
4. View list of enrolled students
5. **Mark Individual Status:**
   - Click dropdown for each student
   - Select: Present, Absent, Late, or Excused
6. **Quick Mark Options:**
   - **Mark All Present:** All students present
   - **Toggle All:** Switch all between present/absent
7. **Add Notes:**
   - Click on Notes column
   - Add reason for absence or lateness
8. **Review Summary:**
   - Check counts at bottom
   - Verify accuracy
9. Click "**Submit Attendance**"
10. Attendance recorded and calculated

Table 4.3: Attendance Status Definitions

Status	Icon	Color	Definition
Present	✅	Green	Student attended class
Absent	❌	Red	Student did not attend
Late	⏰	Orange	Arrived after scheduled time
Excused	📝	Blue	Absent with valid reason

4.3.3 Viewing Attendance Records

For Students:

1. Navigate to **Academics** → **My Attendance**
2. View attendance by course
3. See monthly/semester summary
4. Check attendance percentage
5. View detailed day-by-day record

For Parents:

1. Navigate to **My Children** → **Attendance**
2. Select child if multiple
3. View attendance summary
4. See subject-wise breakdown
5. Receive alerts for low attendance

For Teachers:

1. Navigate to **Academics** → **Attendance Reports**
2. Select course
3. View class-wise summary
4. Identify students with low attendance
5. Export reports if needed

```

4.4.2 Searching for Books

1. Navigate to **Library** → **Catalog**
2. Use search bar for:
    - Book title (partial matches work)
    - Author name
    - ISBN number
    - Category/Subject
3. Apply filters:
    - Category dropdown
    - Availability (Available/All)
    - Sort by (Relevance, Title, Rating)
4. Browse category sections
5. Click on book for details

Table 4.4: Library Book Categories

Category	Code	Description	Example Books
Computer Science	CS	Programming, Algorithms	CLRS, Clean Code
Electronics	EC	Circuits, Digital Systems	Horowitz & Hill
Mathematics	MA	Pure & Applied Math	Kreyszig, Strang
Physics	PH	Physics, Electronics	Halliday & Resnick
Mechanical	ME	Thermodynamics, Design	Shigley, Cengel
Civil	CE	Structures, Surveying	B.C. Punmia
Management	MG	Business, HR	Robbins, Koontz
General	GN	Reference, Magazines	Encyclopedia

4.4.3 Borrowing Books (Students)

1. Find desired book in catalog
2. Click "**View Details**"
3. Check availability status
4. Click "**Borrow**" (if available)
5. Select pickup date
6. Review borrowing terms:
    - Due date (usually 14 days)
    - Renewal options
    - Late fee policy
7. Confirm borrowing request
8. Visit library to collect book
9. Receive due date reminder

4.4.4 Managing Book Inventory (Admin)

1. Navigate to **Library** → **Book Management**
2. Click "**Add Book**" for new entries
3. Enter book details:
    - Title and author
    - ISBN (unique identifier)
    - Category and subject
    - Edition and year
    - Quantity (copies available)
4. Upload cover image
5. Add description/summary
6. Set status (Available/Issued)
7. Save book record

Editing/Removing Books:

1. Find book in catalog
2. Click "**Edit**"
3. Modify information
4. Or click "**Remove**" to delete
5. Confirm action

4.5 Fee Management

4.5.1 Fee Payment Interface

Figure 4.6: Fee Payment Interface

│                                                          │
└──────────────────────────────────────────────────────────┘
```

4.5.2 Viewing Fee Details (Students/Parents)

1. Navigate to **Fees** → **My Fees** (or **My Children's Fees**)
2. View outstanding balance
3. See breakdown by fee type
4. Check due dates
5. View payment history

Table 4.5: Fee Types and Due Dates

Fee Type	Typical Due Date	Amount Range	Late Penalty
Tuition Fee	15th of each month	$2,000-5,000	$50/month
Hostel Fee	1st of quarter	$500-1,500	$25/month
Examination Fee	Before exam registration	$100-300	Cannot register
Library Fine	Immediate	$1-50	Increases daily
Lab Fee	Start of semester	$200-500	None
Transport Fee	1st of month	$100-300	$10/month

4.5.3 Making Online Payments

1. Navigate to **Fees** section
2. Select fees to pay (checkbox)
3. Review total amount
4. Click "**Pay Now**"
5. Select payment method:
    - Credit/Debit Card
    - Net Banking
    - UPI (India)
    - Digital Wallet
6. Enter payment details
7. Review and confirm
8. Complete authentication (OTP/3D Secure)
9. Receive confirmation
10. Download/print receipt

4.5.4 Creating Fee Records (Admin)

1. Navigate to **Fees** → **Fee Management**
2. Click "**Create Fee Record**"
3. Select student(s)
4. Choose fee type
5. Enter amount
6. Set due date
7. Add description/notes
8. Click "**Generate Invoice**"
9. Student receives notification

4.6 Appointment and Communication System

4.6.1 Booking Appointments

```

4.6.2 Managing Appointments

For Students/Parents:

1. Navigate to **Appointments**
2. View **Upcoming** and **Past** appointments
3. Click "**Book New Appointment**"
4. Select teacher/staff member
5. Choose from available time slots
6. Enter meeting purpose
7. Submit request
8. Wait for approval

Viewing Appointments:

- Upcoming appointments with countdown
- Past appointment history
- Cancel option (before scheduled time)
- Reschedule requests

For Teachers/Admin:

1. Navigate to **Appointments**
2. View pending requests
3. **Approve:** Accept and confirm
4. **Reject:** Decline with reason
5. **Reschedule:** Suggest new time
6. Set available time slots
7. Block unavailable times

4.6.3 Notice Board

Creating Notices (Admin/Teacher):

1. Navigate to **Notices** → **Create Notice**
2. Enter notice title
3. Write detailed content
4. Set priority level:
    - **High:** Urgent, immediate attention
    - **Medium:** Important information
    - **Low:** General announcements
5. Select target audience:
    - All users
    - Teachers only
    - Students only
    - Specific departments
6. Add attachments (optional)
7. Set publication date
8. Click "**Publish Notice**"

Viewing Notices:

1. Navigate to **Notices**
2. See list of recent notices
3. Filter by priority or date
4. Click to read full notice
5. Download attachments
6. Mark as read

4.7 Infrastructure Modules

4.7.1 Hostel Management (Admin)

Room Allocation:

1. Navigate to **Hostel** → **Room Management**
2. View room availability:
   - Floor-wise view
   - Room type (Single/Double/Shared)
   - Current occupancy
3. Click "**Allocate Room**"
4. Select student
5. Choose room number
6. Set allocation period
7. Record fee details
8. Confirm allocation

Managing Rooms:

1. Add new rooms
2. Edit room details (type, capacity)
3. Mark rooms for maintenance
4. Track occupancy statistics
5. Generate hostel reports

4.7.2 Transport Management (Admin)

Bus Routes:

1. Navigate to **Transport** → **Routes**
2. View existing routes
3. Click "**Add Route**"
4. Enter route details:
    - Route number
    - Destination
    - Stops list
    - Departure times
5. Assign driver
6. Set capacity
7. Save route

Student Registration:

1. Register students for routes
2. Record pickup points
3. Track registration fees
4. Generate student passes

4.7.3 Timetable Management

Creating Class Schedule (Admin):

1. Navigate to **Timetable**
2. Click "**Add Session**"
3. Enter details:
    - Course/subject
    - Teacher
    - Day and time
    - Room/location
    - Duration
4. Check for conflicts
5. Save session
6. Repeat for all classes

Viewing Timetable:

- **Week View:** Entire week at glance
- **Day View:** Detailed daily schedule
- **Personal View:** Only your classes (Student/Teacher)
- **Room View:** Room occupancy schedule

4.8 AI Chat Assistant

4.8.1 Accessing the Chat Assistant

The AI Chat Assistant is available to all users and provides instant help with:

- System navigation guidance
- General college information
- Procedure explanations
- Quick answers to common questions

Access Methods:

1. Click **Chat** icon in sidebar
2. Use keyboard shortcut `Ctrl + /`
3. Click floating chat bubble (mobile)

4.8.2 Using the Chat Assistant

1. Open chat panel
2. Type your question in natural language
3. Examples:
    - "How do I submit an assignment?"
    - "What are the library hours?"
    - "How do I reset my password?"
    - "Show me my attendance"
4. Receive instant response
5. Ask follow-up questions
6. Close chat when done

4.8.3 Chat Assistant Capabilities

Can Answer:

- Navigation questions
- Feature explanations
- Procedure steps
- General college info
- Contact information
- System status

Cannot Answer:

- Personal data queries (grades, fees, etc.)
- Real-time attendance status
- Account password resets
- Administrative actions

> **Note:** For personal information, use the relevant modules directly. The chat assistant respects privacy and cannot access individual user data.

[End of Chapter 4 - Continue to Chapter 5: User Account Management]

CHAPTER 5: USER ACCOUNT MANAGEMENT

5.1 Profile Management

5.1.1 Accessing Your Profile

1. Click **Profile** icon (👤) in top navigation
2. Or navigate to **Settings** → **Profile**
3. View your complete profile information

5.1.2 Profile Settings Page

Figure 5.1: Profile Settings Page

```
PROFILE SETTINGS PAGE:

└──────────────────────────────────────────────────────────────┘
```

5.1.3 Editing Profile Information

Editable Fields:

- Profile photo
- Phone number
- Address
- Date of birth
- Alternate email
- Bio/About me

Non-Editable Fields (Contact Admin to change):

- Name (requires verification)
- Email (primary identifier)
- Roll number/ID
- Department
- Program/Batch

Steps to Edit:

1. Navigate to **Settings** → **Profile**
2. Click "**Edit**" button
3. Modify desired fields
4. Upload new photo (optional)
5. Click "**Save Changes**"
6. Receive success confirmation

5.2 Account Settings

5.2.1 Account Settings Categories

Table 5.1: Account Settings Categories

Category	Settings	Who Can Edit
Personal Info	Name, contact, photo	User (some fields require admin)
Security	Password, 2FA	User
Notifications	Email, push, SMS preferences	User
Privacy	Profile visibility, data sharing	User
Preferences	Theme, language, timezone	User
Sessions	Active devices, logout remotely	User

5.2.2 Changing Password

1. Navigate to **Settings** → **Security**
2. Click "**Change Password**"
3. **Enter Current Password:**
   - Type existing password
   - Security verification
4. **Enter New Password:**
   - Follow password requirements
   - Check strength indicator
5. **Confirm New Password:**
   - Retype to confirm
6. Click "**Update Password**"
7. Receive confirmation
8. Logged out from other devices (optional)

> **Warning:** After changing password, you'll be logged out from all devices and need to sign in again.

5.2.3 Notification Preferences

Setting Up Notifications:

1. Navigate to **Settings** → **Notifications**
2. **Email Notifications:**
   - Assignment due reminders
   - Grade posted notifications
   - Notice/announcement alerts
   - Fee payment reminders
   - System updates
3. **Push Notifications** (Browser/Mobile):
   - Real-time alerts
   - Instant messages
   - Appointment reminders
4. **SMS Notifications:**
   - Important deadlines
   - Fee payment alerts
   - Emergency notices
5. Toggle each notification type on/off
6. Set quiet hours (optional)
7. Save preferences

5.3 Privacy Settings

5.3.1 Privacy Options Matrix

Table 5.2: Privacy Options Matrix

Setting	Option	Description
Profile Visibility	Public	Anyone can view basic info
	Department Only	Only same department
	Private	Only you and admin
Contact Visibility	Show Email	Others can see email
	Hide Email	Email kept private
	Show Phone	Phone visible to others
Activity Status	Show Online	Others see when active
	Hide Online	Always appear offline
Data Sharing	Allow Analytics	Usage data helps improve system
	Minimal Data	Share only essential data

5.3.2 Configuring Privacy Settings

1. Navigate to **Settings** → **Privacy**
2. Review current settings
3. Adjust **Profile Visibility:**
    - Select visibility level from dropdown
4. Set **Contact Information:**
    - Toggle email visibility
    - Toggle phone visibility
5. Configure **Activity Status:**
    - Choose online/offline display
6. Set **Data Sharing Preferences:**
    - Analytics consent
    - Feature improvement data
7. Click "**Save Privacy Settings**"

5.3.3 Data Export and Deletion

Exporting Your Data:

1. Navigate to **Settings** → **Data & Privacy**
2. Click "**Export My Data**"
3. Select data types:
    - Profile information
    - Academic records
    - Activity history
4. Choose format (JSON/CSV/PDF)
5. Click "**Request Export**"
6. Receive download link via email (within 24 hours)

Account Deletion Request:

1. Navigate to **Settings** → **Data & Privacy**
2. Click "**Delete Account**"
3. Read consequences carefully
4. Enter password to confirm
5. Provide reason (optional)
6. Click "**Request Deletion**"
7. Admin review required (7-14 days)

> **Warning:** Account deletion is permanent and cannot be undone. All data will be removed from the system.

5.4 Theme and Display Preferences

5.4.1 Changing Theme

Available Themes:

- **Light:** Default bright theme
- **Dark:** Reduced eye strain, good for low light
- **Auto:** Follows system preference

Steps to Change:

1. Navigate to **Settings** → **Preferences**
2. Find **Theme** section
3. Select desired theme:
    - ☀️ Light
    - 🌙 Dark
    - ⚙️ Auto/System Default
4. Change applies immediately
5. Optional: Set schedule (e.g., Dark mode 8 PM - 6 AM)

5.4.2 Language and Localization

1. Navigate to **Settings** → **Preferences**
2. Select **Language** from dropdown
3. Available languages:
    - English (US)
    - English (UK)
    - [Additional languages based on system config]
4. Select **Timezone**
5. Choose **Date Format:**
    - MM/DD/YYYY
    - DD/MM/YYYY
    - YYYY-MM-DD
6. Choose **Time Format:**
    - 12-hour (AM/PM)
    - 24-hour
7. Save preferences

[End of Chapter 5 - Continue to Chapter 6: Troubleshooting for Users]

CHAPTER 6: TROUBLESHOOTING FOR USERS

6.1 Common Problems and Solutions

6.1.1 Troubleshooting Decision Tree

Figure 6.1: Troubleshooting Decision Tree

6.1.2 Common Issues Quick Reference

Table 6.1: Common Error Messages

Error Message	Cause	Solution
“Invalid credentials”	Wrong email/password	Check spelling, Caps Lock, reset password
“Account locked”	Too many failed attempts	Wait 15 min or contact admin
“Session expired”	Inactivity timeout	Sign in again
“Page not found”	Wrong URL or deleted content	Check URL, go back to dashboard
“Access denied”	Insufficient permissions	Contact admin for access
“File too large”	Exceeds upload limit	Compress file or use smaller one
“Network error”	Internet connection lost	Check WiFi/data, retry
“Database error”	Server issue	Wait and retry, contact admin
“Validation failed”	Wrong data format	Check field requirements

6.2 Login Problems

6.2.1 Cannot Access Login Page

Symptoms:

- Blank page
- Error messages
- Page keeps loading

Solutions:

1. **Check Internet Connection:**
    - Verify WiFi/cellular data is on
    - Try accessing other websites
    - Restart router if needed
2. **Clear Browser Cache:**
    - Chrome: `Ctrl + Shift + Delete` → Select "Cached images" → Clear
    - Firefox: `Ctrl + Shift + Delete` → Clear cache
    - Reload the page
3. **Try Different Browser:**
    - Use Chrome, Firefox, Edge, or Safari
    - Avoid Internet Explorer
4. **Check URL:**
    - Verify correct website address
    - Use https:// not http://

6.2.2 Login Credentials Not Working

Symptoms:

- "Invalid credentials" error
- Cannot remember password
- Account not recognized

Solutions:

1. **Verify Email:**
    - Check for typos
    - Use institutional email provided
    - No spaces before/after
2. **Check Password:**
    - Ensure Caps Lock is OFF
    - Check Num Lock for numbers
    - Try typing password in notepad to verify
3. **Reset Password:**
    - Click "Forgot Password" on login page
    - Enter registered email
    - Check inbox (and spam folder)
    - Click reset link within 1 hour
    - Create new password
    - Sign in with new password
4. **Account Locked:**
    - Wait 15 minutes after 5 failed attempts
    - Contact administrator if still locked
5. **Account Doesn't Exist:**
    - Contact your administrator
    - Provide your details
    - Request account verification

6.3 Display and Performance Issues

6.3.1 Page Not Displaying Correctly

Symptoms:

- Misaligned elements
- Missing images
- Broken layout
- Text overlapping

Solutions:

1. **Browser Zoom:**
    - Reset zoom to 100%: `Ctrl + 0`
    - Don't zoom in/out too much
2. **Browser Compatibility:**
    - Update browser to latest version
    - Try Chrome, Firefox, or Edge
    - Disable browser extensions temporarily
3. **Screen Resolution:**
    - Minimum 1024x768 required
    - Higher resolution recommended

Table 6.2: Browser Compatibility Issues

Browser	Issue	Solution
Internet Explorer	Not supported	Use Chrome, Firefox, or Edge
Old Chrome (<90)	Features don't work	Update Chrome
Safari	File upload issues	Use Chrome for uploads
Mobile Safari	Layout issues	Update iOS, use landscape

6.3.2 Slow Performance

Symptoms:

- Pages take long to load
- Actions delayed
- Freezing or hanging

Solutions:

1. **Internet Speed:**
    - Test speed at speedtest.net
    - Minimum 1 Mbps required
    - Switch to faster connection if possible
2. **Close Other Tabs:**
    - Too many open tabs slow browser
    - Close unnecessary applications
3. **Clear Cache and Cookies:**
    - Browser menu → History → Clear browsing data
    - Select cache and cookies
    - Restart browser
4. **Time of Day:**
    - Peak hours may be slower
    - Try during off-peak times

6.4 Feature-Specific Issues

6.4.1 File Upload Problems

Symptoms:

- Upload fails
- File not attaching
- "File too large" error

Solutions:

1. **Check File Size:**
    - Maximum file size: 5MB
    - Compress files if needed
    - Split large documents
2. **File Format:**
    - Allowed: PDF, DOC, DOCX, JPG, PNG
    - Convert if needed
    - Check file extension
3. **Network Stability:**
    - Use stable connection
    - Don’t navigate away during upload
    - Wait for progress bar to complete
4. **Browser Issues:**
    - Try different browser
    - Disable ad blockers temporarily
    - Update browser

6.4.2 Notification Problems

Symptoms:

- Not receiving notifications
- Email not arriving
- Push notifications not showing

Solutions:

1. **Check Settings:**
    - Verify notifications enabled in Settings → Notifications
    - Check email address is correct
    - Enable browser notifications if prompted
2. **Email Issues:**
    - Check spam/junk folder
    - Add zenithedu@domain to safe senders
    - Check email filters
3. **Browser Permissions:**
    - Allow notifications when prompted
    - Check site permissions in browser settings
    - Reset permissions and re-allow
4. **Mobile App:**
    - Enable notifications in phone settings
    - Allow background data
    - Check do not disturb mode

6.5 Getting Help

6.5.1 Contact Information

Table 6.3: Contact Information

Contact Method	Details	Response Time
System Admin	admin@yourcollege.edu	24-48 hours
IT Helpdesk	helpdesk@yourcollege.edu	4-8 hours
Phone Support	+1-800-XXX-XXXX	Immediate (business hours)
Live Chat	Available in system	Minutes
Ticket System	Support → Create Ticket	24 hours

6.5.2 Creating a Support Ticket

1. Navigate to **Settings** → **Help & Support**
2. Click "**Create Ticket**"
3. **Select Category:**
   - Login/Account issues
   - Technical problems
   - Feature requests
   - Data corrections
4. **Enter Subject:** Brief description
5. **Describe Issue:**
   - What you were trying to do
   - What happened instead
   - Steps to reproduce
   - Screenshots (attach if possible)
6. **Set Priority:**
   - Urgent: System unusable
   - High: Important feature broken
   - Normal: General issue
   - Low: Minor inconvenience
7. Click "**Submit Ticket**"
8. Receive ticket number for tracking

6.5.3 Information to Include

When reporting issues, include:

- Your name and user ID
- Browser and version
- Device type (computer/mobile/tablet)
- Operating system
- Exact error message
- Steps taken before error
- Screenshots if applicable

[End of Chapter 6 - Continue to Chapter 7: Appendices]

CHAPTER 7: APPENDICES

7.1 Glossary of Terms

Table 7.1: Glossary of Terms

Term	Definition
Academic Year	The annual period of academic operations, typically August to May
Admin	Administrator role with full system access
Assignment	Academic task given to students with due date
Attendance	Record of student presence in classes
Batch	Group of students admitted in same year
CGPA	Cumulative Grade Point Average - overall academic performance
Course	Subject or class offered by the institution
Credit	Unit representing course weight/hours
Dashboard	Main page showing summary information
Department	Academic division (CSE, ECE, etc.)
Due Date	Deadline for assignment submission
Enrollment	Process of registering for courses
Fee Record	Entry tracking payment requirement
Grade	Assessment score or letter rating
Hostel	Student accommodation facility
Invoice	Bill for fee payment
Module	A major functional section of the system
Notice	Official announcement or communication
Parent Portal	Access point for parents to view child information
Prerequisite	Required course before taking another
Role	User type (Admin, Teacher, Student, Parent)
Roll Number	Unique student identifier
Semester	Academic term (typically 4-6 months)
Session	Class period or login session
Sidebar	Navigation menu on left side
Submission	Assignment turned in by student
Transport	Bus/shuttle service management
UPI	Unified Payments Interface (India)
Widget	Small component showing specific information

7.2 Keyboard Shortcuts

│  Ctrl + 0          Reset zoom to 100%                          │
│                                                                │
└──────────────────────────────────────────────────────────────┘
```

Table 7.2: Keyboard Shortcuts

Shortcut	Action	Context
Ctrl + K	Open search	Anywhere
Ctrl + /	Open AI chat	Anywhere
Ctrl + S	Save changes	Forms, editors
Ctrl + Enter	Submit	Forms
Esc	Cancel/Close	Modals, dialogs
Ctrl + Home	Go to dashboard	Anywhere
Alt + D	Dashboard	Navigation
Alt + A	Academics	Navigation
Alt + T	Timetable	Navigation
Alt + L	Library	Navigation
Tab	Next field	Forms
Shift + Tab	Previous field	Forms

7.3 System Limitations

Table 7.3: System Limitations

Category	Limitation	Value	Notes
File Uploads	Maximum file size	5 MB	Per file
File Uploads	Allowed formats	10 types	PDF, DOC, DOCX, JPG, PNG
Users	Max file per upload	5 files	Batch upload limit
Assignments	Max length (text)	10,000 chars	Essay/response limit
Notices	Max length	50,000 chars	Full notice content
Notices	Attachments	3 files	Per notice
Password	Minimum length	8 characters	Security requirement
Password	Maximum length	128 characters	Storage limit
Profile Photo	Maximum size	5 MB	Image files only
Profile Photo	Dimensions	500x500	Recommended
Concurrent Sessions	Per user	3 devices	Security measure
Session Timeout	Inactivity	30 minutes	Auto-logout
API Rate Limit	Requests	100/minute	Per IP address
Search Results	Per page	50 items	Pagination applies
Export Records	Maximum	10,000 rows	Large exports

7.4 Frequently Asked Questions (FAQ)

General Questions

Q: Can I use ZenithEdu on my mobile phone? A: Yes, ZenithEdu is fully responsive and works on all devices including smartphones and tablets. Use any modern web browser.

Q: How do I reset my password? A: Click “Forgot Password” on the login page, enter your email, and follow the instructions sent to your inbox.

Q: Can I change my email address? A: Email changes require administrator approval. Contact your admin with the request and reason.

Q: Is my data secure? A: Yes, ZenithEdu uses industry-standard encryption and security practices. All data is stored securely and backed up regularly.

Student Questions

Q: Can I submit assignments after the due date? A: Late submission depends on teacher settings. Some allow late submissions with penalties, others don’t. Check assignment details.

Q: How do I check my attendance? A: Navigate to Academics → My Attendance. View summary by course and detailed day-by-day records.

Q: Can I download my grades? A: Yes, go to Academics → My Grades and use the Export or Download option to get a PDF or CSV file.

Q: How do I book an appointment with a teacher? A: Go to Appointments → Book New Appointment, select the teacher, choose an available time slot, and submit the request.

Teacher Questions

Q: Can I grade assignments offline? A: Currently, grading must be done online through the system. Download submissions if you need to review offline, then enter grades online.

Q: How do I mark attendance for multiple classes? A: Select the course, date, and use the quick mark options like "Mark All Present" or select individual statuses.

Q: Can students see grades before I publish them? A: No, grades are only visible after you save them. Use "Save Draft" to keep grades private while working.

Parent Questions

Q: Can I monitor multiple children? A: Yes, if all children are registered with the same parent email, you can switch between them in the Parent Portal.

Q: How do I pay fees online? A: Go to Fees → My Children's Fees, select the fees to pay, choose payment method, and complete the transaction.

Q: Can I communicate directly with teachers? A: Yes, use the Appointments feature to book meetings, or check if your institution has enabled messaging features.

7.5 Version History

Version	Date	Changes
2.0	March 2026	Major UI overhaul, new features, AI chat assistant
1.5	December 2025	Mobile improvements, notification system
1.0	August 2025	Initial release with core features
